NEVADA STATE ITEMS.

A meeting of citizens was held at the Court House on Thursday afternoon last, at which many of our most prominent people were present. A committee of five were appointed by the chair to select a suitable person to act as watchman and report immediately. The choice fell upon John B. Williamson, and, on motion, he was declared appointed, and it was recommended that the power of arrest be given him, both from the city and county authorities. A committee of three was appointed to make inquiries of the City Trustees relative to their action in regard to an investigation as to the cause of the late fire; also whether they had inquired into the facts regarding the state of the water works at the time of its outbreak and during its continuance. A committee of three appointed to ascertain the amount of bonds required of A. Cohu, accused of having fired the town, and also the names of his bondsmen, reported as follows: amount of bonds given, \$1000. divided among H. G. Blaschel H. From the White Pine News Aug. 5 rted as follows: amount of bonds given st.000, divided among H. G. Blasdel, H. A. Comins, R. Sadler, P. Steffani, M. Ballenberg and E. B. Stonehill. Since the above was in type, one of the bonds-men named above withdrew from the bond, and A. Cohn was locked up in default

of the nec ssary amount.

Almost A Free.—On Thursday morn-At Most a Fire.—On Thursday morning last, at about 3230 p. m., a fire was discovered coming from the new building owned by O'Donohue, immediately opposite the St. Nicholas, which had just been moved on the lot, and by the prompt action of the parties making the discovery the flames were soon subdued. The origin of the fire is as yet unknown, but praye suspicious are entertained that The origin of the fire is as yet unknown, but grave suspicions are entertained that it was the work of an incendiary, every evidence going to prove that a deliberate attempt had been made to fire the town. When extinguished a pile of shavings as found to have been placed against the back door, the building being yet in caurse of erection, the flames from whence were gradually making headway, which, if not arrested in time, would have soon caused a repetition of our regent disaster. Investigations are now on foot to trace the origin of the fire to the door of the perpetrator, and if discovoor of the perpetrator, and if discov-ied he or they had better leave the coun-ry on the fastest nags to be procured.

MILLS AT SHERMANTOWN.—The fiew millings mill being built at Shermantown by J. B. Osborne, for the purpose of working the tailings from the old Eber-hardt Company's works, is nearly com-pleted. We have not had an opportunity to inspect it, but are assured by Mr. Os-horne that when ready to start everything will be in reafest, condition making are wil be in perfect condition, making suc-cess a necessity. We trust no more drawbacks may occur in the matter of working, and that the mill may prove a means of great success to the energetic

From the Besse liver Reveille, Aug. 5.]
Frank Snow, an old and respected citizen of this town, died at the Magnolia saloon at ten minutes past two this afternoon. As has been his custom every day for several weeks—about eleven o clock this forenoon he laid down as usual to take a nap on the lounge in the card room of the Magnolia, and although parsons were constantly passing through the apartment, nothing unusual was noticed in his appearance until about two o'clock, when Robert Boyle called Billy Tower's attention to the unnatural color of the deceased's face. Mr. Tower immediately took hold of the wrist and could barely distinguish a faint movement of the pulse; but while he yet held his hand the pulsation ceased altogether and the spirit of his friend had forsaken its earthly tenement forever. Dr. Huntsman was immediately called, but hefore its earthly tenement forever. Dr. Huntsman was immediately called, but before he arrived Frank was beyond the reach of all mortal aid. He evidently died without a struggle, as not the slightest movement was heard by those in the movement was heard by those in the salcon, and the body was lying in a perfectly easy and natural position when first noticed by Mr. Boyle. Dr. Huntsman is of the opinion that death was caused by sphoplexy. Deceased was a native of Marblehead, Massachusetts, and was forty-two years of age. He has resided on this coast sine 1850, and in this city since [62]
